COVID-19 Vaccinations - Minors (12-17 years old)

Items required at the time of vaccination depend on a person’s age. For minors (12-17 years old), requirements will vary based on whether or not an adult (18 years and older) will be present when they receive the vaccine.

- Individuals younger than 18 can only receive the Pfizer-BioNTech (Pfizer) COVID-19 vaccine.
- All eligible minors may visit a vaccination site **without an appointment** and **without bringing any documentation** (photo ID and proof of age) **IF** a parent, legal guardian, or relative caregiver is with them at the site.
- If a minor will not have an adult present with them at the vaccination site, an **appointment** needs to be made **AND** their parent or legal guardian will need to complete the Consent Form for Minors to provide their consent in advance. Parental consent is required for all eligible minors to be vaccinated. See consent forms below.
